

# ChatGPT's Valentine's Day poem for

## Kuala Lumpur

Kuala Lumpur, city of lights  
Skyscrapers reach for the skies  
Culture blends, old and new  
A city that always comes alive

Towers tall, Petronas gleam  
A sight that will make you dream  
Shopping, food, and heritage  
KL has it all, don't you concur

Chinatown bustles, day and night  
A feast for the senses, what a delight  
Little India, colorful and bright  
A melting pot, all cultures unite

Monorail, LRT, and buses  
Getting around, no fusses  
Kuala Lumpur, a city of pride  
A destination, always worldwide
